---

Government Press, Madras - Training of Mysore Press probationer D.S.Gurubasavappa, B.Sc. Your letter No.7083/244-1929, dated the 19th August, 1929.

I am directed to say that arrangements have been made with the Superintendent, Government Press, Madras, for t training of Mr. Gurubasavappa in the Madras Government Pres for two years. As the period of training proposed, viz two years is not enough to give the probationer a thorough training in the various branches of the Madras Press, it wi be convenient if you could ascertain from the Government of Mysore which branches they regard as of special importance in the scheme of his training, and intimate the result to this Government.

PS S 90-28-10

To

B. Narayanaswamy Iyengar, Esq., B.A., B.L.,
General Secretary to the Government of Mysore,
BANGALORE.

SIR,

With reference to your letter No: G. 3514/P.&.S. 90-28-9, dated 19th instant, regarding the training to be given to Mr. D. S. Gurubasavappa, B.Sc., at the Madras Government Press, I have the honour to state that in the first year, Mr. Gurubasavappa may be trained in Compositor's work with special reference to the drawing of lay-outs for display work and composing them, to the operation on the line and the monotype composing machines and the valuation of compositor's' work vouchers.

In the second year, he may be trained in the machine room in the operation of making-ready of all classes of work including book work and half-tone and other blocks and printing, the construction and building up of any machine that may have to be pulled down or newly erected and the valuation of machinemen's vouchers.

In this period, he may be permitted to acquaint himself with the preparation of the several statements of Press Accounts and the rates allowed for printing Government work in Private Presses. He may also likewise be permitted to go over all the branches of the Press both at the Mint Buildings and the Mount Road and see their working and get a general idea of the varied work turned out at both the Presses. No special training in any of these branches is necessary.

He will appear for the Madras Government Technical Examinations

in composing and printing and may, therefore, be permitted to attend the Government Trades School in subjects connected with printing.

At the end of two years, should it be found absolutely necessary to give him further training, a special recommendation will be made for the purpose, taking into consideration the special circumstances that may exist then.

At present, it is enough if he is well trained in compositorus and machine minders' work and gets a good ~~inkling into~~ knowledge of the maintenance of Press accounts including progress registers of workmen in composing, hour account, machine and binding branches.

As September is already coming to a close, it is essential that the Probationer should join work at once so that he may put in the necessary term at the [illegible]es School. I, therefore, beg that orders may be immediately obtained to send him over to Madras without further loss of time.

I have the honour to be,
Sir,
Your most obedient servant,

Superintendent.
